This Supplemental Disclosure may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements include, but are not limited to, statements related to the Company's expectations regarding the performance of its business, its financial results, its liquidity and capital resources and other non-historical statements. You can identify these forward-looking statements by the use of words such as "outlook," "believes," "expects," "potential," "continues," "may," "will," "should," "seeks," "approximately," "projects," "predicts," "intends," "plans," "estimates," "anticipates" or the negative version of these words or other comparable words. Such forward-looking statements are subject to various risks and uncertainties, including those described under the section entitled "Risk Factors" in the Company's Annual Report on Form 10-K for the year ended December 31, 2015 as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC's website at www.sec.gov. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this document and in the Company's filings with the SEC. The Company undertakes no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise, except as required by law.

GLOSSARY OF TERMS

Term	Definition
Anchor Spaces	Spaces equal to or greater than 10,000 SF of GLA.
Anchor Space Repositioning	Anchor leasing that is primarily focused on reconfiguring or remerchandising existing space with minimal work required outside of normal tenant improvement costs.
Annualized Base Rent or "ABR"	As of a specified date, monthly base rent as of such date, under leases which have been signed or commenced as of the specified date multiplied by 12. Annualized base rent (i) excludes tenant reimbursements or expenses borne by the tenants, such as the expenses for real estate taxes and insurance and common area and other operating expenses, (ii) does not reflect amounts due per percentage rent lease terms, (iii) is calculated on a cash basis and differs from how rent is calculated in accordance with generally accepted accounting principles in the United States of America ("GAAP") for purposes of financial statements and (iv) does not include any ancillary income.
ABR per SF or "ABR/SF"	ABR divided by leased GLA, excluding the GLA of lessee owned leasehold improvements.
Billed GLA	Aggregate GLA for spaces where the tenant has commenced the payment of rent.
Development Stabilization	Development projects are deemed stabilized upon the earlier of (i) percent billed reaching 90% or (ii) one year following the property being placed in service.
EBITDA, Adjusted EBITDA & Cash Adjusted EBITDA	EBITDA, Adjusted EBITDA & Cash Adjusted EBITDA are supplemental, non-GAAP performance measures. Please see below for more information on the limitations of non-GAAP performance measures. A reconciliation of EBITDA to net income is provided herein. EBITDA is calculated as the sum of net income (loss) in accordance with GAAP before interest expense, federal and state taxes, and depreciation and amortization. Adjusted EBITDA represents EBITDA as adjusted for (i) transaction expenses, (ii) gain (loss) on disposition of operating properties, (iii) impairment of real estate assets and real estate equity investments, (iv) gain (loss) on disposition of unconsolidated joint ventures, (v) gain (loss) on extinguishment of debt, and (vi) other items that are not indicative of the Company's operating performance. Cash Adjusted EBITDA represents Adjusted EBITDA adjusted for straight-line rental income, amortization of above- and below-market rent and tenant inducements and straight-line ground rent expense. EBITDA, Adjusted EBITDA & Cash Adjusted EBITDA include unconsolidated joint venture, Montecito Marketplace, at pro rata share.
Gross Leasable Area or "GLA"	Represents the total amount of property square footage that can generate income by being leased to tenants.
Leased GLA	Aggregate GLA of all leases executed as of a given date, including those which the tenant has not yet opened for business and/or has not yet commenced the payment of rent.
LIBOR	London Interbank Offered Rate.
Metropolitan Statistical Area or "MSA"	Defined by the United States Office of Management and Budget as a region associated with at least one urbanized area that has a population of at least 50,000 and comprises the central county or counties containing the core, plus adjacent outlying counties having a high degree of social and economic integration with the central county or counties as measured through commuting.
NAREIT	National Association of Real Estate Investment Trusts.
NAREIT Funds From Operations ("FFO")	NAREIT FFO is a supplemental, non-GAAP performance measure. Please see below for more information on the limitations of non-GAAP performance measures. A reconciliation of NAREIT FFO to net income is provided herein. NAREIT defines FFO as net income (loss) in accordance with GAAP excluding (i) gain (loss) on disposition of operating properties, and (ii) extraordinary items, plus (iii) depreciation and amortization of operating properties, (iv) impairment of operating properties and real estate equity investments, and (v) after adjustments for joint ventures calculated to reflect funds from operations on the same basis.
Net Effective Rent	Average annualized base rent over the lease term adjusted for tenant incentive / allowance, tenant specific landlord work, third party leasing commissions and rent concessions
Net Operating Income or "NOI"	NOI is a supplemental, non-GAAP performance measure. Please see below for more information on the limitations of non-GAAP performance measures. A reconciliation of NOI to net income is provided herein. Calculated as total property revenues in accordance with GAAP (base rent, ancillary and other, expense reimbursements, and percentage rents) less direct property operating expenses (operating costs, real estate taxes and provision for doubtful accounts). NOI excludes corporate level income (including management, transaction, and other fees), lease termination fees, straight-line rental income, amortization of above- and below-market rent and tenant inducements, straight-line ground rent expense and the Company's unconsolidated joint venture, Montecito Marketplace at pro rata share.
NOI Yield	Calculated as projected incremental NOI over the third party costs of a given project.
Non-controlling Interests	Relate to the portion of Brixmor Operating Partnership LP ("OP"), a consolidated subsidiary, held by the non-controlling interest holders. As of September 30, 2016, the Company, through its 100% ownership of BPG Subsidiary, Inc., owns 99.88% of the OP. The remaining 0.12% is held by the Parent Company's current and former management.
Non-owned Major Tenant	Also known as shadow anchor. Includes tenants that are situated on parcels which are owned by unrelated third parties, but, due to their location within or immediately adjacent to a shopping center, appear to the consumer as another retail tenant of the shopping center and, as a result, attract additional customer traffic to the center.
Percent Billed	Refers to the percentage of GLA with tenants currently paying rent.
Percent Leased	Refers to the percentage of GLA leased, including the aggregate GLA of all leases executed as of a given date, including those which the tenant has not yet opened for business and/or has not yet commenced the payment of rent.
PSF	Per square foot of GLA.
Redevelopment Properties	Larger scale projects that typically involve new construction, reconfiguration or demolition of a portion of the shopping center to accommodate new retailers.
Rent Spread	Represents percentage change in cash ABR/SF in the first year of the new lease relative to cash ABR/SF in the last year of the old lease. Rent spreads are presented only for leases deemed comparable. Non-comparable leases include new leases signed on units that have been vacant for longer than 12 months and leases signed on first generation space.
Renewal Rent Spread	Includes leases renewed with the same tenant in the same location to extend the term of expiring leases.
Option Rent Spread	Includes renewal options exercised by tenants in the same location to extend the term of expiring leases.
Total Rent Spread	Combined spreads for new, renewal and option leases.

GLOSSARY OF TERMS

<u>Term</u>	<u>Definition</u>
Same Property Net Operating Income or Same Property NOI	Same property NOI is a supplemental, non-GAAP performance measure. Please see below for more information on the limitations of non-GAAP performance measures. A reconciliation of same property NOI to net income is provided herein. Calculated (using properties owned for the entirety of both periods excluding properties under development or pending stabilization), as rental income (base rent, percentage rents, expense reimbursements and other property income) less rental operating expenses (operating costs, real estate taxes and provision for doubtful accounts). Same property NOI includes unconsolidated joint venture, Montecito Marketplace, at pro rata share. Same property NOI excludes corporate level income (including management, transaction and other fees), lease termination fees, straight-line rental income, amortization of above- and below-market rent and tenant inducements, straight-line ground rent expense and income / expense associated with the captive insurance entity.
Small Shop Spaces	Spaces of less than 10,000 SF of GLA.
Straight-line Rent	Non-cash revenue related to GAAP requirement to average the tenant's contractual rent payments over the life of the lease, regardless of the actual cash collected in the period.
Year Built	Year of most recent anchor space repositioning / redevelopment or year built if no anchor space repositioning or re/development has occurred.

Non-GAAP Performance Measures

The Company's non-GAAP performance measures have limitations as they do not include all items of income and expense that affect operations, and accordingly, should always be considered as supplemental financial results presented in accordance with GAAP.

Non-GAAP performance measures should not be considered as alternatives to or more meaningful than net income (determined in accordance with GAAP) or other GAAP financial measures, as indicators of financial performance and are not alternatives to cash flow from operating activities (determined in accordance with GAAP) as a measure of liquidity.

Computation of non-GAAP performance measures may differ in certain respects from the methodology utilized by other REITs and, therefore, may not be comparable to similarly titled measures presented by such other REITs. Investors are cautioned that items excluded from non-GAAP performance measures are significant components in understanding and addressing financial performance.

The Company believes that the non-GAAP measures it presents are useful to investors for the following reasons:

- NAREIT FFO
NAREIT FFO assists investors in analyzing Brixmor's comparative operating and financial performance because, by excluding gains and losses related to dispositions of previously depreciated operating properties, real estate-related depreciation and amortization of continuing operations and unconsolidated joint ventures and impairment of operating properties (which can vary among owners of properties in similar condition based on historical cost accounting and useful life estimates), investors can compare the operating performance of a company's real estate between periods or as compared to different companies.
- EBITDA, Adjusted EBITDA & Cash Adjusted EBITDA
EBITDA, Adjusted EBITDA & Cash Adjusted EBITDA are utilized in various financial ratios as a measure of Brixmor's operational performance because EBITDA, Adjusted EBITDA & Cash Adjusted EBITDA exclude various items that do not relate to or are not indicative of its operating performance. Accordingly, the use of EBITDA, Adjusted EBITDA & Cash Adjusted EBITDA in various ratios provides a meaningful performance measure as it relates to its ability to meet various coverage tests for the stated period.
- Same Property NOI
Same property NOI includes only the net operating income of properties owned and stabilized for the full period presented, which eliminates disparities in net income due to the acquisition, disposition or stabilization of development properties during the period presented, and therefore, provides a more consistent metric for comparing the performance of properties. Management uses same property NOI to review operating results for comparative purposes with respect to previous periods or forecasts, and also to evaluate future prospects.

In addition, the Company presents these supplemental non-GAAP performance measures because the Company believes that these measures are helpful to and frequently used by securities analysts, investors and other interested parties in the evaluation of REITs.

The Company has identified the properties above as potential future reinvestment opportunities. Many of these opportunities are, or will soon be, in preliminary planning phases and as such, may not ultimately become active reinvestments. Proceeding with these reinvestments could be subject to factors outside of the Company's control which could delay, suspend or defer the expected opportunity or timing of execution. While the Company expects that these projects are the most likely to become active reinvestments in the near-term, it should be noted that this list will fluctuate as projects become active, suspended or otherwise rescheduled. For more information, please refer to the "Risk Factors" section of the Company's Annual Report on Form 10-K for the year ended December 31, 2015.
